

ENOCHS RESOLUTE 6210

Basic Procedural Table

PATIENT LOAD: 500 LBS.
evenly distributed on the table's main couch

TABLE FEATURES:

- **2-YEAR WARRANTY**
- "Easy Touch" Foot Control for hands free adjustment of table
- One-piece Upholstered Top designed without cross seams, decorative embossing or material folds that hinder inflectional control procedures
- 30" Wide Seat Section to provide larger patients more comfort
- Mains ON/OFF shuts off all power to table to prevent accidental movement of table during exam or procedure
- Mains Power Overload Protection: easy reset Circuit Breaker - no fuses
- Adjustable Padded Headrest
- Multi-Position Positive Lock Stirrups
- 2" deep Stainless Steel Irrigation Basin
- Stainless Steel Headend Accessory Rails

Positive lock, multi-position stirrups with lateral and length adjustment and a 2" deep stainless steel irrigation basin that quickly and easily removes for cleaning after each procedure are standard features of the 6210. Table is engineered with an integrated safety switch that stops the leg section from going UP when irrigation basin is not in full stored position, eliminating damage to the basin and/or leg extension.

The table's 30" wide seat section provides maximum comfort to larger patients while the one-piece seamless top surface, designed without decorative embossing or material creases and folds that collect dirt, allows staff to quickly and efficiently clean after each patient. The fully padded upholstered top, covered in durable Naugahyde®, is securely attached to an all steel frame for strength and stability.
